## Our Theme . . .

We feel that a certain excitement and love of life - a kind of spring fever - can be found in the hearts of all seniors. Our theme is especially for the "71" Seniors of Haysi High School ...

SPRING FEVER

Spring Fever ... loving,  
laughing and "shocking"!

## Co-Editors Note

We, the Co-Editors of the 1971 Annual, consider it a great pleasure to present our edition of the Thunderbolt. We have enjoyed compiling this edition of our yearbook for you, and we hope that in the years to come, as you turn through the pages of the yearbook, you will recall the treasured memories of happy and worthy experiences, achievements, and the lasting friendship formed with the students and faculty while at H. H. S.

We extend our greatest appreciation to those on the Annual Staff for their hard work, and those on the faculty and other sources who have made our yearbook such a wonderful success.

## Annual Staff Foreword

We, the Annual Staff of 1970-71, proudly present this edition of the Thunderbolt in order to preserve the happy and warm memories of the carefree, though busy, hours we have spent at H.H.S.

A lot of hard work has gone into our annual and we hope each of you will truly enjoy it. May each glance at your classmates, friends, and teachers remind you of moments you wish to remember.

All of us would like to give Mrs. Kathy Slusher our greatest thanks for being such a patient and understanding sponsor.

We, the 1970-71 Annual Staff say,  
"YOU'LL LIKE IT!"

## We Dedicate To . . . Betty Deel

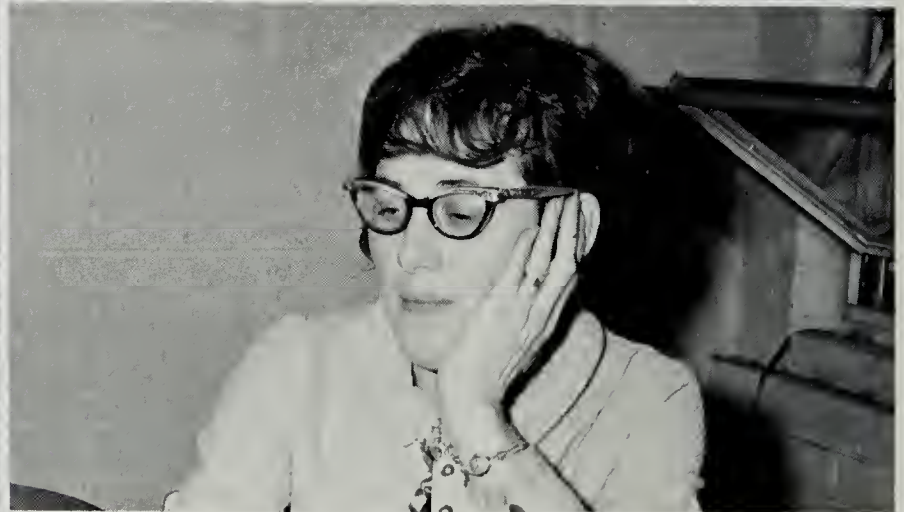

We, the annual staff of Haysi High, would like to preserve, in our '71 Thunderbolt edition, the special memory of a teacher - one whom we know as warm and at all times ready to help students; one who laughs alot, works hard for students in her teaching and guidance capacities, and always has time for a smile.

For these memories and more, we dedicate our annual to you, Mrs. Betty Deel, with our thank you for being what you are.

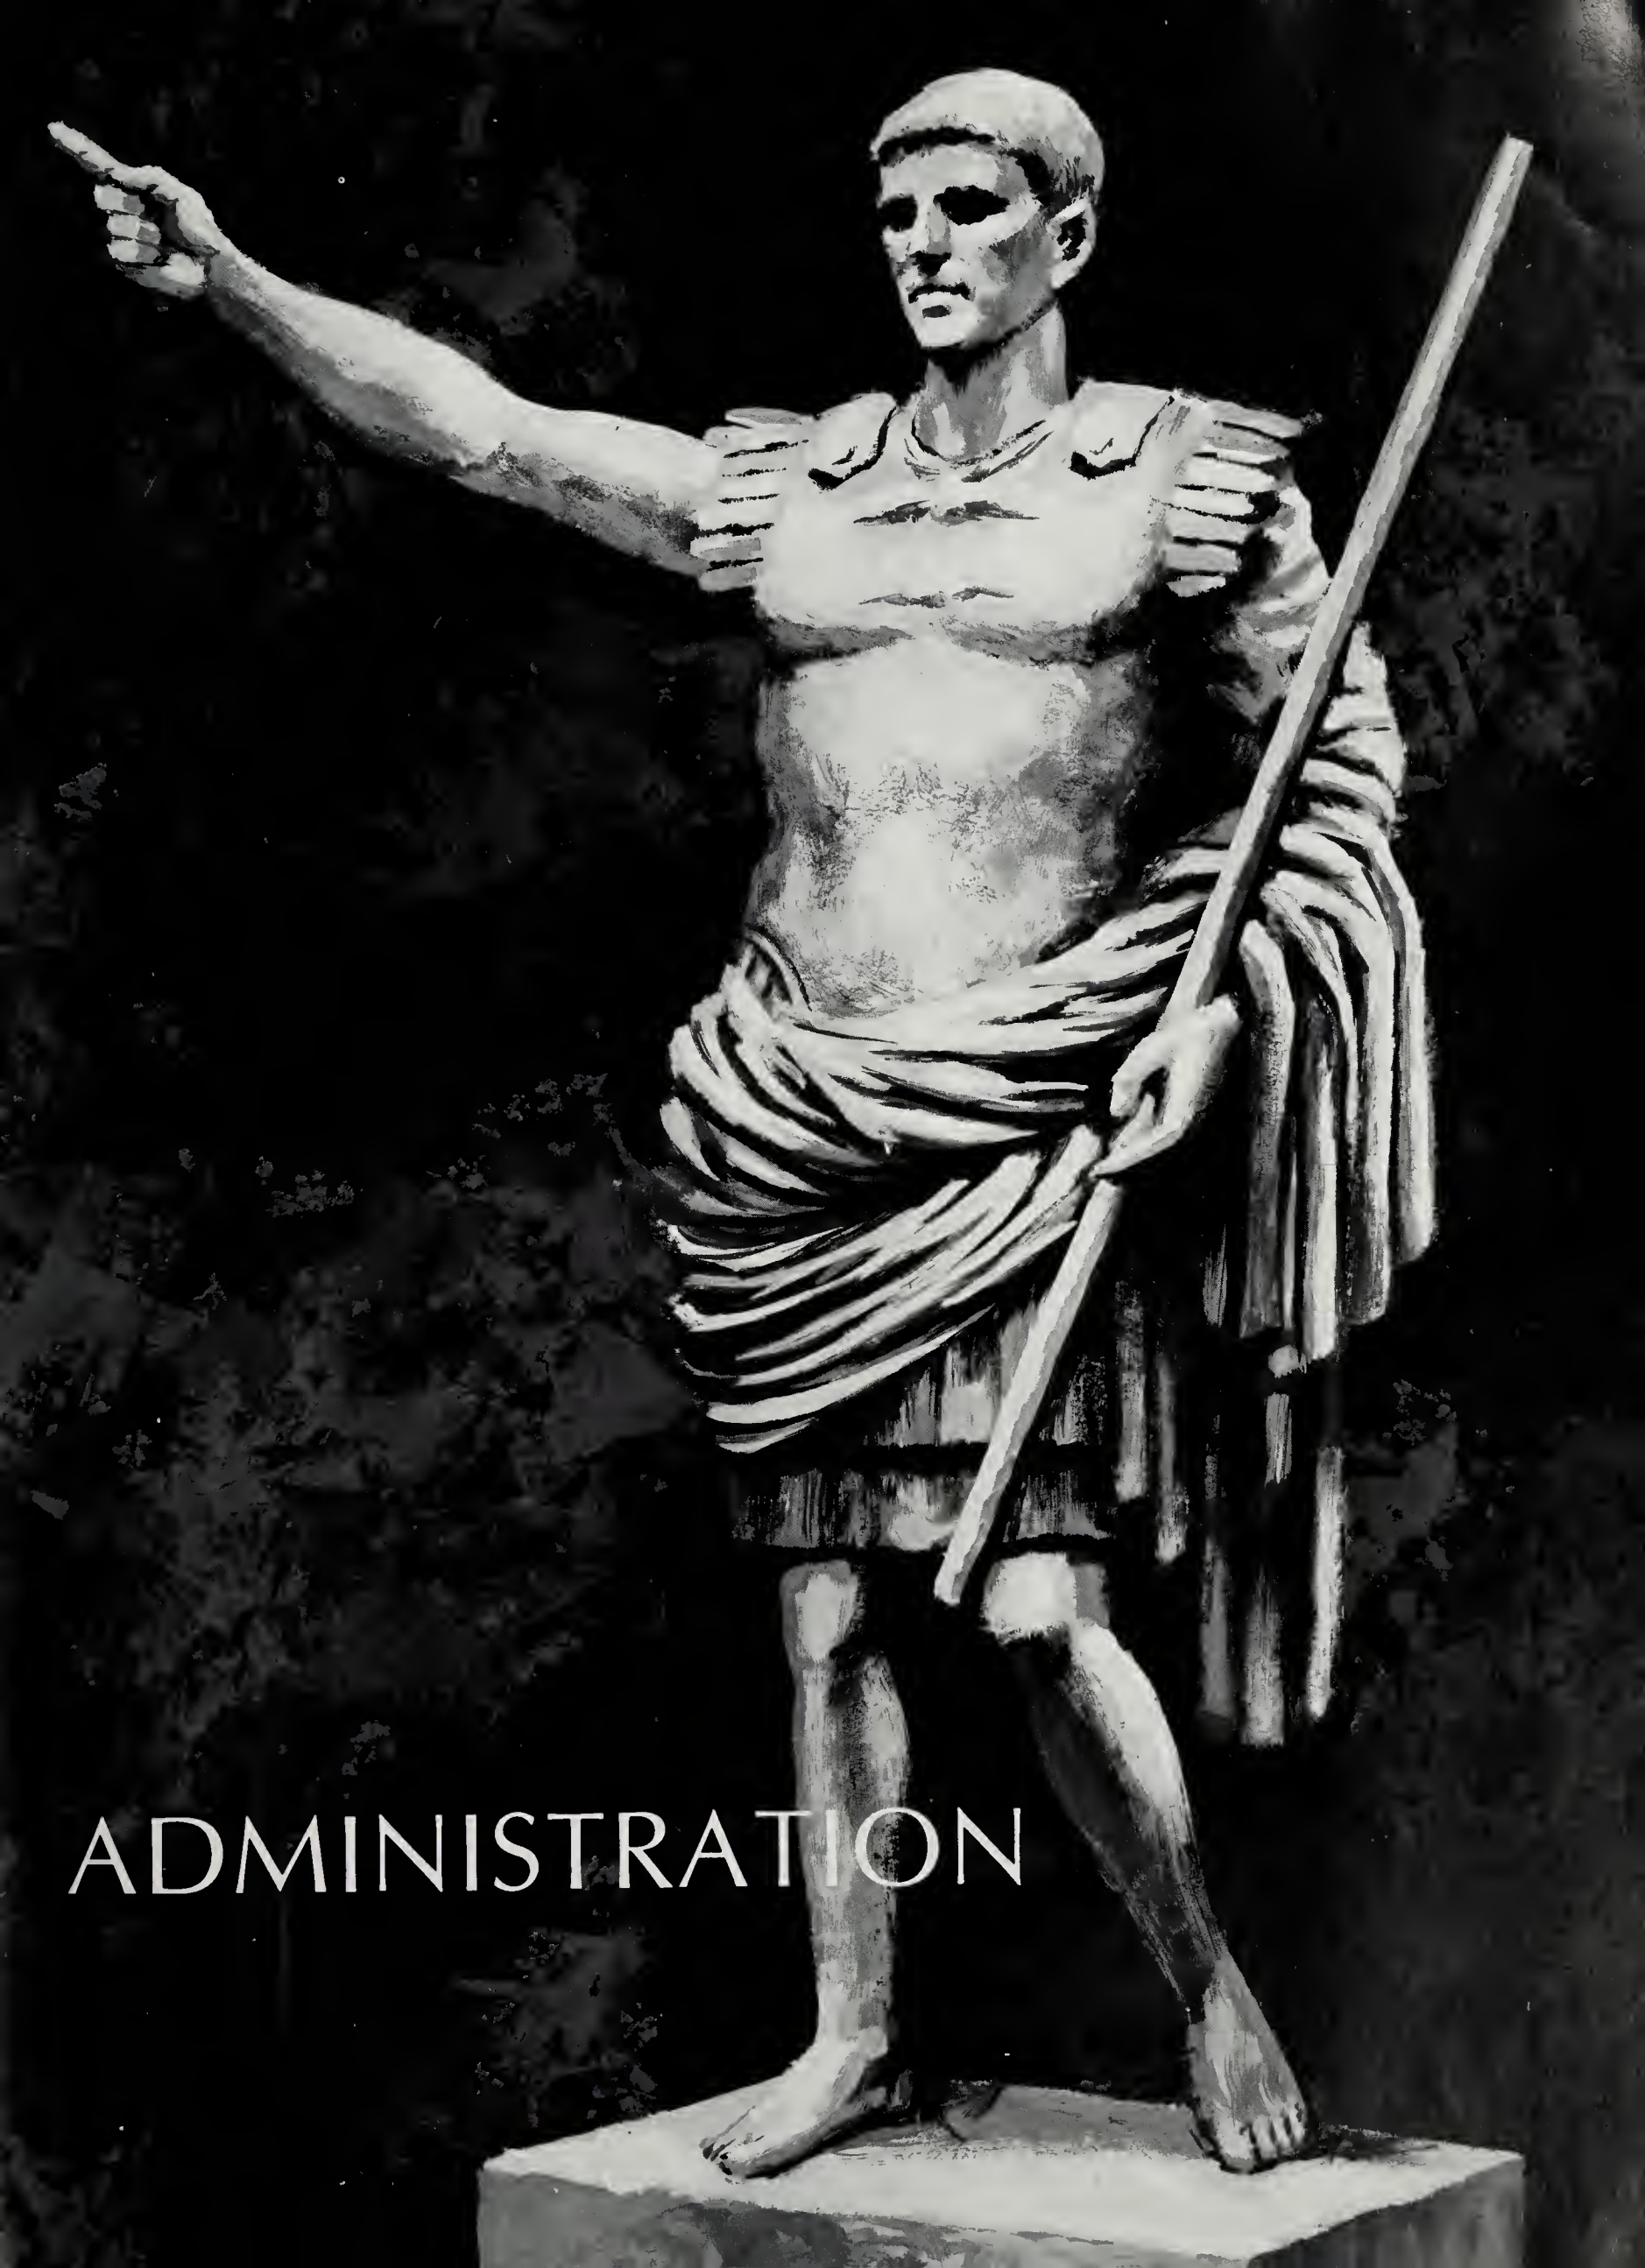

Once around the hall, James.

# Principal's Message

ERDMAN MULLINS

Mr. Mullins attended V.P.I. where he received his B.S. and M.S. in Agricultural Education and Vocational Education.

Your years of arduous work at Haysi High School are rapidly coming to an end. These years are not seen nor are they noticed, but they are to be an essential part of your performance in life.

In too many areas of life today is the philosophy present that somehow the achievements of success can be reached without the accomplishments of earnest toil and tribulation. I say to you, this can not be so.

My associations with you as a teacher and as your principal will long be remembered and the thoughts cherished. I have watched you develop in educational competence, and I am pleased with what I see. You may not remold the world in a cast of your making, but neither will I shudder at the thought of you taking your place in our adult society.

After graduation, I hope you can and will return often to the school for a visit. With this pictorial record goes my most sincere wish that the Divine Hand will keep a firm and guiding hold solidly placed upon your shoulder.

Mr. R. C. Hay attended East Tennessee State University where he received his B.S. and M.A. degrees in U. S. History and World Geography

Mrs. Negatha Powers, Director of Guidance, attended Miligan and E.T.S.U. where she received her B.S.; she also attended Univ. of Va., V.P.I., and Univ. of Fla., where she received her M.A.

## Assistant Principal's Message . . .

Mankind has struggled with limited success to achieve perfection in his worldly existence. This struggle has been marked by victories and defeats. To a lesser degree you have had similar experiences in your educational life. It is my hope for you that the frustrations in the life that faces you will be fewer and the triumphs many. Keep in mind that to obtain success you must be able to share the responsibility as well as enjoy the privilege. We should seek perfection, but seek it with moderation, or we destroy ourselves.

You have been a wonderful teacher to me. You have taught me the true meaning of service, and I am eternally grateful. If I have given you but one ray of enlightenment with the same impact that you have taught me, I feel I have succeeded.

The future is great and promising. Put all your energies and talents to whatever you wish to achieve and success will be yours.

*R. C. Hay*

## Guidance Message . . .

Dear Seniors,

Your graduation from high school will be your third "giant step" forward in your education. Your first "giant step" was leaving the security of your family and entering the bewildering world of the first grade; your second was entering high school.

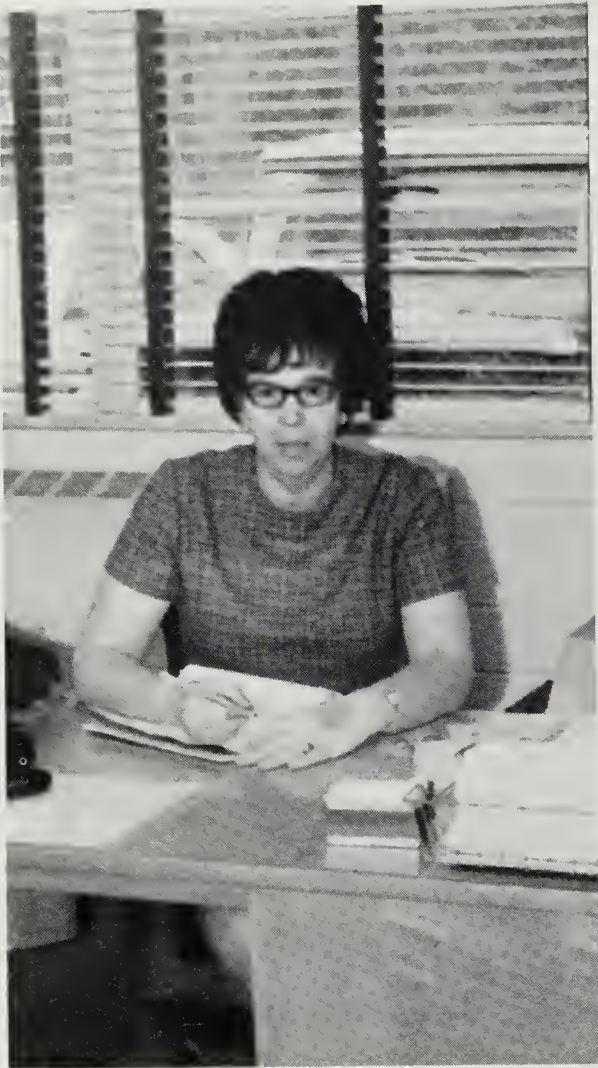

This third "giant step" will require the most adjustment on your part. You will have to make more of your own decisions and you won't have a textbook with all the answers. You won't have a handbook which lists the "do's" and "don'ts." You'll work your "schedule" out by yourself.

I sincerely hope that you have formulated your own guide lines; that external discipline has taught you internal discipline; that you have the capacity to love and be loved; the inner strength to accept disappointment as well as gladness, sorrow as well as joy.

Best wishes for a full and happy life. If I can be of any help at any time, please contact me.

# Haledictorian

Betty Jean Deel

Mrs. Deel has been married for almost fourteen years to Mr. Jesse James Deel. She has four children who are all in school. Mrs. Deel decided to come back as a senior and finish her education in order to get a good job to help support her family - she is taking business courses. She is tied for first place in her graduating class with an average of 4.04. The students average is based on a scale with the highest score an A or 4. , so Mrs. Deel's average is better than an A.

"After Today there is always Tomorrow. Progress opens her golden hand to reveal the promises of the years to come."

# Haledictorian

Jennifer Ann Colley

Jennifer has been one of the top students of her class. She is taking college prep courses and is going to attend V.P.I. in Blacksburg, Virginia. She plans to enter in the fall. Her average is 4.05 which makes her tied for first place in the senior class. Jennifer is a straight A student, and an active participant in various clubs. She was selected to the "Society of American High Schools' Most Outstanding Students." Last fall Jennifer was the captain of our Haysi cheerleaders, and is now a basketball cheerleader.

"With far-seeing eyes we build and hope and plan.  
Yesterday is but a memory; Today is soon gone, but To-  
morrow lives forever."

# Salutarian

Karen is third in her class with an average of 3.85. She is one of the co-editors of the school paper, an active member of several clubs, and an avid sports fan. Karen, who plans to enter college after graduation, was chosen as one of American High School's Outstanding Students.

"There is no chance, no destiny, no fate, can circumvent or hinder or control the firm resolve of a determined soul."

#### DREAMS

To dream forever, without interruption  
To escape the competition in a world  
Where jealousy is common  
Where a man is sometimes measured  
by the color of his skin.

A world which goes by the outside beauty,  
And ignores the beauty of the mind.  
To be liked for what I am in mind,  
And not for what I am in this shell.

To escape a world  
A world that is at war with it self,  
With its brothers and sisters,  
Yet, I cannot.

For escaping is but postponement,  
And this world needs help now, today  
Before it destroys itself  
This planet Earth.

## Coaches Message

Our record of 3-7 did not actually show the strength of our team. We play in the Lonesome Pine District and our opponents were usually bigger and more experienced than we. I feel that we played all of our opponents on a pretty even basis this year and we bowed out to a couple of big teams in the last few minutes of the game. I feel that this year's Tigers was the best football team that Haysi has ever had.

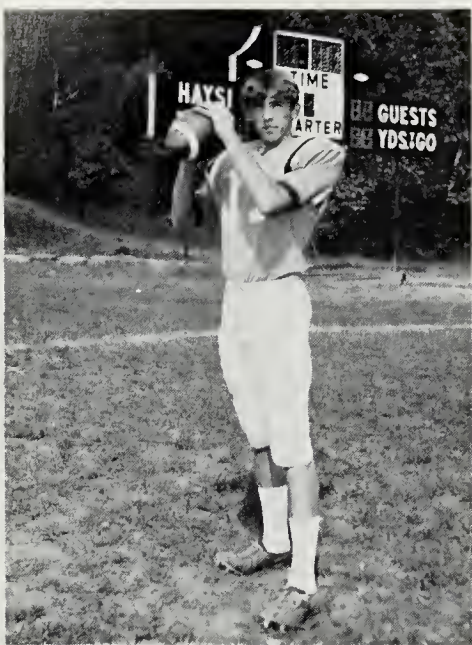

At the beginning of the year, we set two goals: the first was to win more games than any other Haysi team and the second was to win the Sportsmanship Award. We did win the Sportsmanship Award and I feel very proud of the Tiger's actions on the gridiron. Our defense was much stronger than it had been in the past and our offense moved the ball much better than in the past. Clayton Justice made the 2nd team All-district halfback this year. He is only the 2nd player in Haysi's history to make the team. I feel that we had some other boys that should have made the team.

Kenneth O'Quinn also set a district and a Southwest Virginia record this year by kicking a 45-yard field goal. Kenneth has the talent and ability to play football for any college.

As a team, we were much improved this year and a much better balanced team than in the past. We, the coaching staff thank you, the players, for the excellent effort that you have given us this year. One thing that we would like for you boys to remember is, "Winning isn't everything, but the will to win is."

# 1970 Christmas Program

Christmas time is almost here; it is a time of happiness, it is a time of cheer.

We feel that the Christmas Program, given by the Bible Club, was truly enjoyed by both the faculty and student body.

Our principal and assistant principal received gifts bought by the faculty.

We feel that the program brought out the Christmas spirit in everyone - the seniors were recognized, a prize was won, the gym was decorated for the dance and everyone was happy.
